## WELCOME TO VILNIUS AND LITHUANIA!

Very pleasant and very beautiful, that's what comes to one's mind when talking about Vilnius. The city displays a variety of both architectural expression and willpower. This is perhaps due to the interesting history that rests in this attractive town. For over five centuries, until the 19<sup>th</sup> century, Vilnius had been the political and cultural centre of Grand Duchy of Lithuania. The Old Town of Vilnius was included in the UNESCO World Heritage List in 1994 due to the fact that the town "has preserved an impressive complex of Gothic, Renaissance, Baroque and classical buildings as well as its medieval layout and natural setting".
